Descaler A3 & Descaler A3 PLUS

Acidic Surface & Equipment / Tools Cleaner Liquid Lime & Rust Remover Multi-use in Medical & Food Veterinary Sector (Free Colour & Fragrance) / Scale Cleaner for Pipelines High Compatibility / Without Traces After Use

Features: Phosphoric Acid based Lime & Rust Remover. Cleans Minerals Rests of walls, Floors & Metal Equipment Surfaces. Cleans Lime, Rust & doesn't damage Epoxy, PVC & natural Stone, Floor, Surfaces, Equipments and Instruments. It doesn't corrode the surfaces. It doesn't damage Stainless Steel, Glass, Plastic because of inhibitors (It has a very High Compatibility Suitable dosage systems. Can be used with all water types Rinsing Easily without Traces after using. Save your time for Cleaning. Economic, dilute by water according to case. Safe, no toxic, Food Grade & Environment Friendly.

Absolutely Safety in Presence, Patients & Staff

"Absolutely Safety in Presence, Patients & Staff"

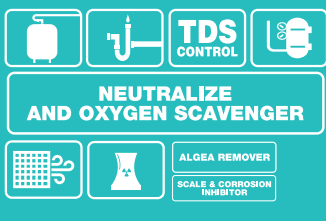

ClimaBAC A/C

Air Condition A/C & Atmosphere Cleaning and Disinfecting Concentrated & Spray RFU (Free Fragrance / Fragrance) HVAC / AHU / AS Unit Control Specific & Selective Microbial Ammonium Formula

Features: Features: A/C Spray Disinfectant & Cleaner for A/C: Effective Cleaner & Disinfectant with its special developed, strong formulation. It purifies your A/C Filters and Atmosphere from Bacteria, Yeasts & Molds. Its killing efficiency on bacteria, yeasts & molds is approved by Ege University Bioengineering Department's Antimicrobial Efficiency Test Report. Its Killing efficiency on Legionella Pneumophila, is the bacteria cause "A/C Disease" on human lungs. It provides Clean & Safe working to your A/C. Spraying according to case. It kills microorganisms in %99 ratio. It removes bad odour which is caused by microorganisms in A/C. Provides Airness & hygiene with fresh & clean scent. Effective & reliable disinfectant against microorganism which are formed in the air conditioning filters of the Houses, Rooms, Offices & Cars.

AquaBAC 50

Disinfectant (Concentrated) of Aquaculture (Free Silver) Multi-Use in Medical & Food / Beverage Sector (Free Colour, Fragrance & Taste) Chemical and Microbiological Analysis Water Control

Features: Universal range of Application, Long-Lasting Effect, no Carcinogenic or mutagenic effect, Non-toxic, Free colour, odour and taste, does not change the taste of water & food, effective in water temperatures ranging from 0 - 95°C, it does not form chemical compounds with other chemical elements. AquaBAC 50 is widely used in Aquaculture as a water clarifier & a disinfectant. It is very effective in recirculation facilities. AquaBAC 50 disinfection is very Safe & Effective method for removing the risk of most Parasites, Bacteria, Viruses, Yeasts and Fungies from the water. AquaBAC 50 is Active Against many harmful types of mold, spores, mildew, and bacteria including Gram Positive/Negative, Legionnaires, Salmonella, Escherichia Coli, Listeria, Staphylococcus, Klebsiella, Clostridium Botulinum, Bacillus Cereus, Bacillus Anthracis, Listeria, Shigella, MRSA, etc.), Viruses, Sporogenesis, HCV, In uenza A, Pseudorabies Viruses. There are no toxic residuals. Proper Disinfection with highly stable.

AquaBAC 50 & AquaBAC 50 Plus* Jocker

Absolutely Safety in Presence, Patients & Staff
Quick Microbial Activity / High Specific
& Selective Formula

Disinfectant (Concentrate) of Aquaculture (AquaBAC 50) / For Surface & Atmosphere / Endoscopy Quick Microbial Activity / And Equipment Multi-Uses in Medical And Pharmaceutical Sector (AquaBAC 50 Plus Jocker)

Features: Universal range of application, long-lasting effect. It is widely used in a disinfectant. It is effective against mostparasites, bacteria and viruses, fungi and yeasts, Gram Positive and Negative Bacterias, MRSA, Viruses, Sporogenesis, HIV,HBV, HCV Legionnaires, In uenza A, ECBO Viruses, Mycoderins, Cholera, Amoebae, Pseudorabies Viruses, Eschericia Coli, Salmonella, Staphylococcus, Bacillus Anthracis and Listeria, ***big effective Activities Microbiological Again Different diseases cause have in composition another group like Aldehyde & Ammonium Compounds.**

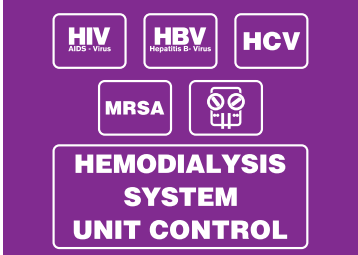

Citro CIDE & Citro CIDE 50

Absolutely Safety Maintenance of Apparatus

**Citric Acid (Concentrated) Single - Step Cleaner/
Decalcification & Disinfectant For Haemodialysis Apparatus**

Features: It is in closed system equipment for Cleaning & Disinfecting of Inorganic & Organic residues & Specifically in Chemo-Thermal Disinfection and Decalcification of Volumetric Mixing Pump Containing Devices. Dissolves Blood & Calcificated Lime Residues. It is Effective Against Bactericide, Hepatovirucide (B, C, D), Virucide (HIV/HCV, HBV, Polio, Papova, Adeno, Porvo, Vaccina & Rota), Fungicide ~ 60°C. It ensures the Decomposition & Removal of the calcium carbonate at 37°C.

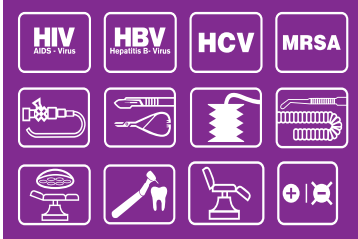

Cleaner Zyme & Cleaner Zyme Plus

Quick Blood, Fat, Protein and Biofilm Remover

Single Phased Cleaner & Disinfectant (Concentrated) For Endoscopy & Equipments/ Surgical Devices Bactericide - Fungicide - Virucide (Free Colour & Fragrance)

Features: It is Quick Cleansing and Disinfecting agent for Endoscope (flexible & rigid) and Instrument, which contains Special Enzyme & Disinfectant and can be diluted with water. It has a very high compatibility with all types of materials. It help to remove Organic & Inorganic Dirt & Residue, Blood, Protein Wastes, Oil, Fat, Albumin, Micus Detritus etc. It avoids coagulation as well as biofilms. It is effective against Partially Bactericidal and Virus Inactivating, success with following disease causing agents (HBV, HIV, BVDV, Vaccinia, Staphylococcus Aureus, Pseudomonas Aeruginosa).

Insecto CIDE Spray (Indoor / Outdoor)

General Spray For Pest, Rat, Cockroach & Ant Control (Free Fragrance)
General Spray For Pest, Rat, Cockroach & Ant Control

Features: Concentrated Viscous Liquid Suitable For Control All Types Of Insects. It is quickly Powerfull & Active against all types of Insect (Flies, Mosquito etc.) in the Environment Zone, with fresh smell. Has Long Lasting Action to protect the surface (or places) spraying for a long time period. Safe, Without Traces After Use, Non Toxic, No Cancerogen, Environment Friendly. Diluting with water, makes Insecto CIDE viscous, so with this specification it holds on vertical surfaces. With its viscous specification it doesn't slip from the surfaces.
